OVERVIEW

A repeatable programme of drone surveys — typically monthly, tuned to your milestones — capturing identical views of your site over time. Each visit lands as an orthomosaic, comparison view and short progress report on a shared cloud viewer.

WHAT'S INCLUDED

Scheduled Captures

Weekly, monthly or milestone flights aligned to your programme.

Repeatable Missions

Same flight lines every visit for accurate visual and volumetric comparison.

Side-By-Side Views

Interactive comparisons of any two dates — see exactly what changed.

Cloud-Based Timeline

Web viewer holds the full history — accessible to your whole team.

Progress Reports

Short written summary and annotated visuals delivered every capture.

Independent Record

Third-party captured, timestamped evidence of programme progress.

BENEFITS TO YOUR PROJECT

- Sharper monthly reporting with board-ready visuals.
- Faster decisions — everyone works from the same up-to-date picture.
- Programme assurance backed by independent evidence.
- Strong evidential record if programme claims arise later.

IDEAL FOR

Monthly project reporting, stakeholder updates, programme reviews, claim evidence.
